

Construction Connection – Week of January 9

CONSTRUCTION UPDATE (Heads-up on the starred items; many are for the week of 1/16 but we wish to get a notice out ahead)

Please note that the work below is what is **planned** but can change from day to day. Be sure to check elevators for postings of updates on changes.

«**Reception Desk:** The evening of **Monday, Jan. 16** the reception desk will be relocated from the main lobby to the HUB area.

«**Visitor Parking Lot:** **The lot closes the morning of Tuesday, Jan. 17th and will remain closed until further notice.**

- **Valet parking** will begin on **Jan. 17th** and will be available to residents and visitors from 10:00 am to 4:00 pm, 7 days a week.
- General information on valet service, as well as information specific to residents with cars, will be coming next week.
- The small rockery retaining wall/planter on the north side of the underpass of the lobby parking will be removed.

«**Main Entrance:** **The main lobby entrance will close the morning of Tuesday, Jan. 17th.**

- The HUB entrance at 20 West Queen Anne Driveway will become the Reception Area and Entrance for all residents, staff and visitors until further notice.

«**North Tower Stairwell:** Due to the parking lot closure, the North Emergency Exit Stairwell on all floors **will close on Wednesday, Jan. 18th** and will remain closed until further notice.

THIS WEEK (along with a few more for the week of 1/16)

«**Terrace Building:** **Wednesday, Jan. 11th from 12:30-3:30 pm**, the electric panels that operate the emergency lights and emergency outlets will be rerouted.

BAYVIEW

A POINT OF VIEW

- The South Terrace Elevator (Health Center) will be out of operation during the electrical rerouting.

Level 1: Demolition and rebuild will continue on the west side

«**Level 1 Restrooms will close on Monday, Jan. 16th** and remain closed until work is completed on the west side renovation.

- **Lobby:** Barricades will remain in the area south of the fireplace to allow demolition of the ceiling.
- **The Terrace exit** will be reopened on Monday, Jan. 16th! A tunnel will be built to allow access to the Terrace.
- **Dining Room** – installation of the new lights will be finished by mid-week

Level 2 (ALU): Work will continue in the south/central area and the northeast corner.

Levels 3-9: Framing, drywall and electrical work will continue.

Level 4: Corridor work will continue.

Level 5: Ceiling demolition will begin on **Monday, Jan. 9th.**

PLEASE ALSO SEE THE NOTES FROM THE **ANDERSEN CONSTRUCTION RESIDENT UPDATE MEETING** Copies are on the Newspaper Table in the Lobby
