COVID-19 Updates: Bayview Limited Re-Opening Guidelines

As Bayview welcomes February in, we are still on track for a limited reopening of certain services and amenities as we clear our outbreak. Thank you for everyone's incredibly hard work to quarantine during the past four (4) weeks. It has been tough, but together we made it! The below applies to Memory Care, Independent and Assisted Living Residents only. Skilled Nursing / Health Center residents remain in a quarantine status as the Health Center will clear their outbreak on February 21st, 2021.

Below is a description of services that will "reopen" beginning February 3rd, 2021:

1. Assisted Living (AL) and Memory Care (MC) outdoor, scheduled visitation.

The visitation schedule will generally be the same as before.

- AL visitation will occur in the main parking lot tent. The AL visitation schedule will be Tuesday, Wednesday, Saturday, and Sunday at 10:15am, 1:15pm, 2:15pm, and 3:15pm. Visits are limited to 30 minutes each with only 1 visitor at this time (due to social distancing requirements).
- The MC visitation schedule will be Monday and Thursday at 10:15am, 1:15pm or 2:15pm. Details regarding the location of MC visitations will be shared in greater detail when scheduling your visitation.
- As always, all visits must maintain proper social distancing at all times, must utilize strict universal source control (proper use of facemasks), and meet all screening requirements prior to visitation.
- Foul weather may cancel scheduled visits.

Please schedule your AL and / or MC outdoor visits with Pamela Yeo at ext. 2127, 206-281-5755 or pyeo@bayviewseattle.org.

Indoor visitation will not occur until the county reaches phase IV of the Long-Term Care Safe Start Guidance which primarily depends upon the county's COVID-19 infection rate. More information will follow as infection rates decline.

2. Staff Working Multiple Care Levels.

- Staff may work between floors and care levels beginning February 3rd, 2021.

3. Screening and Testing.

- IL screening will return to one (1) time per week. IL residents are reminded and encouraged to report any signs or symptoms of illness to Heather Smith – 2313, or Jamie Hart – 2107 immediately for monitoring and tracking. IL residents are also strongly encouraged to immediately contact their Primary Care Physician (PCP) if they are exhibiting abnormal signs or symptoms of illness.
- AL Resident testing will resume in accordance with regulated guidelines from the Centers for Disease Control (CDC), the King County Department of Health (LHJ), and Aging and Long-Term Support Administration (AL TSA).

- AL staff testing will resume in accordance with regulated guidelines from the Centers for Disease Control (CDC), the King County Department of Health (LHJ), and Aging and Long-Term Support Administration (AL TSA). Staff working two (2) jobs will continue testing each shift.
 - Screening and tracking logs will continue to be maintained for staff members entering the facility.
4. Small Group Activities.
- Small groups of five (5) or less, including staff, are permitted, as long as proper social distancing can be maintained. Any group must comply with universal source control at all times, social distancing and utilize proper hand hygiene and infection control practices.
 - Vaccination does **NOT** reduce the requirement for facemask use. Facemasks must be worn at all times while out of resident's apartments.
5. Salon.
- By appointment only.
 - Only one resident permitted in the Salon at a time.
 - Please refrain from coming down before your appointment. The salon worker will need enough time to properly sanitize and clean the area in between appointments. They will contact you when they are ready for you to come down for your appointment.
6. Fitness Center.
- Sign-up for gym sessions is on a weekly basis. Sign-up sheets will be put out at 8 am on Wednesday mornings for the following week.
 - Limit two sessions per week per resident.
 - Please use the sign-up sheet for gym use only. If you need to schedule an orientation or discuss programming, contact Nahleen – 3115, for a separate time.
 - If you are unable to make your scheduled time, please let Nahleen know as soon as possible so that someone else can take the spot.
 - Please refrain from coming down early for your session and arrive at your designated time.
7. Spiritual Services.
- Spiritual Services may follow the guidance for "Small Group Activities" listed above.
 - Scheduled spiritual care may also be made on an individualized basis. If you are interested in receiving spiritual services, please contact Juliana Bateman at 2119.

Once again, I want to pause to express my gratitude to our entire Bayview community. Today and every day, we are so thankful for all that you do in keeping everyone safe, healthy, and connected. Please do not hesitate to reach out with any questions. We will continue to keep you informed with any updates.

Sincerely,

Joel Smith, Health Services Administrator
