## COVID-19 Update: Update on Positive Cases

Dear residents, staff, families, and the greater community,

As of Friday, April 29, 2022, the Leadership Team became aware of three additional staff members who have tested positive. **This brings a total number of active cases within the building to four staff members.** The breakdown of cases are as follows:

- 1 Intergenerational Children’s Center (ICC) staff:
  - ICC will shut down and reopen on Thursday, May 5<sup>th</sup>, 2022.
- 2 non-clinical staff members in the Health Center:
  - We are following the Centers for Disease Control & Prevention and Department of Health guidance by curtailing dining to at risk residents and stopping group activities through Monday, May 2<sup>nd</sup>, 2022, as we are testing all residents (and staff) between now and then. Visitation remains the same for now.
- 1 staff member in a non-clinical setting (or non-licensed areas):
  - The employee is resting at home and will be eligible for return on Saturday April 30<sup>th</sup>, 2022, if the employee remains asymptomatic.

We will keep you informed of any other updates as they come. If you have further questions or concerns, please contact the appropriate Team Leader listed below.

Sincerely,

Bayview Leadership Team
