## COVID-19 Update: Staying Safe this Holiday Season

Dear residents, staff, families, and the greater community,

As of Wednesday, November 23, 2022, we have **one active case** in our Assisted Living residence.

### A few reminders this holiday season:

- The Department of Health continues to recommend increased hand hygiene as flu and other respiratory illnesses are on the rise in King County.
- Increase ventilation as much as possible during holiday gatherings, especially when people are not wearing source control (facemasks).
- If you are not feeling well, please take care of yourself, consult your primary care physician if applicable, and stay home to avoid getting anyone else sick.
- Facemasks are required in licensed areas – Assisted Living, Memory Care, and Skilled Nursing & Rehab.

The Thanksgiving holiday marks an encouraging inflection point within our community. We are thankful for our residents, staff, families, and children. A joyous Thanksgiving to you and yours.

Sincerely,

Bayview Leadership Team
